PRELIMINARY AMENDMENT

Sir:

Please add the following new section to this patent application: *(after the Title)*.

CROSS REFERENCE TO RELATED APPLICATIONS

This application claims the benefit of my prior provisional application 60/397,797, filed on 07/23/2002.

Remarks:

The instant application is identical to the prior provisional, re-formatted. The Declaration was attached to the provisional application, which did not reference itself. Rather than change anything, the Cross Reference is added by preliminary amendment.

Figure 1

The provisional used Figure 1 of inventor Owen's US 5,346,610 as Fig. 1 (PRIOR ART). The Provisional, as filed, apparently did not contain a copy of Fig. 1 of the '610 Patent, but did incorporate it by reference. A copy of Fig. 1 of '610 is attached.

Please advise if anything further is required.

Respectfully submitted
